Aims and Scope
The periodical Dagstuhl Reports documents the
program and the results of Dagstuhl Seminars and
Dagstuhl Perspectives Workshops.
In principal, for each Dagstuhl Seminar or Dagstuhl
Perspectives Workshop a report is published that
contains the following:
- an executive summary of the seminar program
and the fundamental results,
- an overview of the talks given during the seminar
(summarized as talk abstracts), and
- summaries from working groups (if applicable).
This basic framework can be extended by suitable
contributions that are related to the program of the
seminar, e.g. summaries from panel discussions or
open problem sessions.
