Aims and Scope

The periodic Dalshul Reports documents the program and the results of Dalshul Seminars and Dalshul Perspectives Workshops. In principal, for each Dalshul Seminar or Dalshul Perspectives Workshop a report is published that contains the following:

- an executive summary of the seminar program and the fundamental results,
- an overview of the talks given during the seminar (summarized as talk abstracts), and
- summaries from working groups (if applicable).

This basic framework can be extended by suitable contributions that are related to the program of the seminar, e.g. summaries from panel discussions or open problem sessions.
